A RICE DISH.

I want
RAMEN.
Then,
HOW ABOUT THOSE WHO WANT RICE...
ADD IT TO RAMEN SOUP? IS THAT FINE?
OOSAWA SHUU

YUU'S OLDER BROTHER.
Ah-
I don't really mind. Ramen is fine too.
YEAH, I GUESS...
HUH?

TO PUT RICE IN THE LEFT-OVER RAMEN SOUP...

ISN'T THAT DISGUST-ING?

Triggered

HUH? ARE YOU SERI-OUS?

ISN'T IT COMMON SENSE TO END YOUR MEAL WITH SOME-THING LIKE THE GOD OF FORTUNE OF RICHNESS!?

I'VE NEVER DONE THAT.

I prefer healthy food.

NOW, NOW...

T/N: Ramen + half portion of fried rice, and extra serving of noodles, respectively.

I ALSO THOUGHT IT WAS SUPER BAD TIL RE-CENTLY...

About ramen soup + rice

IF YOU WANT RICE THAT MUCH, THEN, HOW ABOUT HAN-CHAN*?

AND IF YOU'RE GONNA EAT A LOT, A KAEDAMA* IS GOOD TOO, RIGHT?

Or something.

Vegetable soba

Rice with cheese

Yep, yep

It's delicious! It's like ♥ an Italian risotto!

BUT, YOU KNOW, I WENT TO A RAMEN STORE WITH MY GIRL-FRIEND NOT THAT LONG AGO

AND WE GOT THE CHEF'S RECOMMEND-ATION FOR THE FIRST TIME.

WE'VE NEVER BEEN HAPPIER.♥

And now I think it's super good!

T/N: Salmon ramen from Gonokami Suisan, internet says it may be a season limited thing.

Yakisake Shibori*

勝エソ

AND, MAYBE, KATSUURA TANTAN*.

Sounds good!

It might be nice

YOU GOTTA ADD AN EGG IN THERE!

T/N: From Katsu-Tan, named after the city the shop is located.

FOLLOWED BY FRESH FISH,

Gindara Shibori*

T/N: Sablefish ramen, also from Gonokami.

VEGE-TABLE POTAGE DISHES ARE SAID TO BE A GOOD WAY TO END A MEAL.

Whisper

Shut up, I don't need you bragging about your girlfriend!

What?! I was just giving you my support!

LAZILY

Hey-

RAMEN'S FINE, SO LET'S HURRY UP AND DECIDE ON A STORE, OK-

I'm starving here!

SALE

JINUS

HMM-

YOU'RE RIGHT...

THEN ZOSUI* SHOULD BE MORE THAN ENOUGH FOR YOU GUYS...

YOU JUST DON'T GET IT, HUH?

THE WHOLE POINT OF THAT IS FINISHING RAMEN WITH A BAM!

It's a two in one delicacy!

T/N: A mild and thin Japanese rice soup akin to a rice-based vegetable soup.

AMONG THE DIFFERENT TYPES OF RAMEN,

IF I HAD TO PICK THE ONE I LIKE THE MOST, IT'D BE...

HOUSE-TYPE.

SUNTORY COFFEE BOSS

IT'S NOT THAT.

BY HOUSE-TYPE I MEAN... LOOK.

It looks like an ordinary ramen shop though

?

THIS IS A "HOUSE-TYPE"?

THE ONE THAT HAS A HOME-MADE FLAVOR?

SHUT UP.

THAT'S JUST YOUR IM-PRES-SION.

Whisper It's fine, so come in already.

-WHEN YOU TALK ABOUT "HOUSE-TYPE"...

.....

IT'S LIKE A TONKOTSU, BUT WITH A BIT OF CHICKEN FLAVOR TO IT... ANYWAYS, IT'S DELICIOUS!

AND THE SOUP'S RICH-NESS IS...

THEY PUT SPINACH AND NORI SEAWEED ON TOP

OH-

YEP, THAT'S IT!

It's true. Look- there's a ing it bunch of up them.

The definition of what that is is rather vague, though.

THAT'S BASICALLY HOW THE "HOUSE-TYPE" CAME TO BE.

THEN, FROM THERE CAME THE NUMEROUS "OO-YA" DERIVATIONS.

"YOSHIMURA-YA" IS THE SHOP THAT STARTED EVERYTHING.

FEELS LIKE I'LL DIE IF I DON'T EAT THIS ONCE IN A WHILE.
EVEN THOUGH IT SMELLS BEASTLY, IT'S SO CREAMY AND EASY TO EAT.
SUCH A STEADY TASTE.

MAN, QUIT WITH THE CUSTOMER SERVICE. THIS ISN'T YOUR PART-TIME JOB

WOULD YOU LIKE TO ADD A BIT OF GARLIC?

Or maybe you'd like me to pass you the ginger

Saburou

have the gin- ger

YOU CAN TAKE THE NORI FROM YOUR RAMEN AND PUT IT ON YOUR RICE TOO, YOU KNOW.

BUT THE RICE IS GONNA GET SOGGY ...

THAT'S WHY! IT'S GOOD!

SFX: dumps in

RATTLE

WELCOME-

YOU'D HAVE TO DRINK ALL THE SOUP.

There's too much salt in there

But if you think about it

IT LOOKS GOOD.

YEAH. THAT'S IT!♪

Concise ...

THERE'S A HOUSE-TYPE BOOM.

KOIZUMI-SAN, WHAT KIND OF RAMEN WILL YOU EAT TODAY?

For assari* people.

If you go to an iekei store and want to have a light meal, then make the most of the toppings at the counter since they're free of charge!

About a month later

This follows the same principle of the Tsubame-sanjou station** ...

Strong flavor of the fat + grated onion are a sure thing.

He's become a complete house-type now.

yep. yep.

I discovered this new shop a while ago and they had grated onion. I felt so refreshed, more than I thought I'd be. It surprised me.

Green onion & grated ginger are things that all stores have, right?

T/N: Today's ramen store: Yoshimura-ya.
*In JP 'assari' refers to a person who is quick to refuse or things done lightly/gently (food seasoning, applying make-up, etc). So, pun cause cardigan dude is double assari since he's master of quick refusal and also likes lightly seasoned food.
**I have no idea what this is supposed to mean.
